Our Bestselling Books

#710 The Legend Lives On: S.S. Edmund Fitzgerald
by Bruce Lynn and Christopher Winters $50.00 (Members $45.00)
Four decades after the Edmund Fitzgerald vanished from the radar screen of the trailing steamer, Arthur M. Anderson, the largest ship ever lost on the Great Lakes continues to inspire our capacity for wonder and grief.
Great Lakes photojournalist, Chris Winters, and Bruce Lynn, Executive Director of the Great Lakes Shipwreck Historical Society, have assembled a comprehensive look at the life and the wreck of the Edmund Fitzgerald. Brimming with rare archival material from GLSHS’s collection and over 250 photographs of the ship above and below the surface, The Legend Lives On explores the haunting legacy of this vanished “Queen of the Lakes.”

#361 Centennial: Steaming through the American Century
by Christopher Winters $50.00 (Members $45.00)
Great Lakes marine photographer and historian Chris Winters spent five years creating a vivid record of life aboard steamer St. Mary’s Challenger as she approached the centennial anniversary of her maiden voyage in 2006. This is a stunning, hardcover record of an extraordinary ship, beautifully photographed and lovingly produced to exacting standards, with text capturing perfectly the magic that is a steamboat in action.

#572 The Interlake Steamship Company:
In Service to America Since 1913
by Ned Whelan $44.95 (Members $40.46)
In 1913, the Interlake Steamship Co. was organized in what the New York Times called the largest merger of Great Lake vessels since the formation of Pittsburgh Steamship Company a few years earlier. This 132-page volume is a large-format, soft-cover, coffee table-style book that tells the company’s history using historical, personal and topical vignettes, as well as hundreds of images of people, boats and events.

Our Favorite Documentaries

#708 A Good Ship and Crew Well Seasoned: The Fitzgerald and Her Legacy $19.95 (Members $17.96)
A documentary film produced by the National Museum of the Great Lakes and Allied Media Group, Inc. The film explores the less documented and overlooked history of the Fitzgerald and her crew before their tragic loss through unpublished manuscript material and photographs, while at the same time reflecting on the impact of their loss on family, friends and colleagues in the maritime community. The film takes a refreshing break from debating the possible cause of her loss in order to direct more time to those important historical questions not yet asked.

#831 Heroes on Deck: World War II on Lake Michigan
$19.95 (Members $17.96)
Heroes on Deck explores the critical role of the USS Wolverine and the USS Sable, two Great Lakes passenger steamers that were converted into aircraft carriers and used to train thousands of pilots to land at sea in WWII. Crashes and “water landings” often led to serious injuries and occasionally death. As a result, more than one hundred fighters and dive-bombers sank to the bottom of the lake. To date, more than 40 aircraft have been brought to the surface. Heroes on Deck captures some of the key recoveries and restoration efforts, and celebrates the stories of the brave pilots who survived this ingenious training operation. Narrated by legendary CBS and A&E newsman Bill Kurtis, Heroes on Deck, brings to life a vital chapter of American history.
